

# Report of Revised Solicitations

ID: 1238

Initial Anticipated Solicitation Issue Date: 5/1/2023

Solicitation Type: RFP

Revised Date: 2/12/2024

Pre-proposal Conference: Optional

Soliciting Agency/Department: 0118 - Procurement Department

Contract Users: 0263 - Facilities and Fleet

Solicitation Title: Vehicle Fleet Management Information System (FMIS) RFP

New/Existing Goods/Services: New Contract for Existing or Additional Goods or Services

Single or Multiple Award: Single Award

Fund Type: General Fund

**Solicitation Synopsis:** Seeking proposals from qualified vendors to provide a Vehicle Fleet Management Information System (FMIS) software and services solution for the County's Facilities and Fleet Department, Vehicle Fleet Management Division. This solution/software is for Vehicle Fleet cost tracking, fuel tracking, repair tracking, maintenance scheduling and history, parts inventory, tire management, vehicle information, warranty tracking, and work order management. Incumbent AssetWorks (used for 20+years) has provided frequent updates and its performance has met all requirements. This Solicitation/RFP will enable FAF to determine if it wants to remain on that platform the incumbent AssetWorks provides or to another platform / solution / vendor that better meets its needs. Fleet Management uses AssetWorks Fleet Maintenance Software for cost tracking, fuel tracking, repair tracking, maintenance scheduling and history, parts inventory, tire management, vehicle information, warranty tracking, and work order management. It is a critical part of Fleet as it is the system of record for all work performed on the many vehicles that Fleet maintains.

**Reason for Revising:** 12/26/2023 Note: Revised date was 1/4/2024, but the the Procurement Department and subject matter experts determined we will need more time to define the Functional/Business/Technical Requirements/Implementation appendices and the Invitation/Background/Project Scope sections. As a result, the SMEs decided on a revised target solicitation issue date of Monday 2/12/2024. Additional TSS SMEs and support joined late on this RFP effort in early December 2023, they are assisting on the requirements, the RFP document draft schedule of events timeline has been updated accordingly.

Initial Anticipated Solicitation Issue Date: 1/15/2024

Solicitation Type: RFP

Revised Date: 2/23/2024

Pre-proposal Conference: Not Required

Soliciting Agency/Department: 0118 - Procurement Department

Contract Users: 0145 - Technology Services and Solutions

Solicitation Title: Imagery and LiDAR Acquisition and Related Services RFP

New/Existing Goods/Services: New Contract for Existing or Additional Goods or Services

Single or Multiple Award: Multiple Award

Fund Type: General Fund

Solicitation Synopsis: The County of Santa Clara (County), in partnership with several public agencies in the region, is seeking proposals from qualified vendors to provide Imagery including Light Detection and Ranging (LiDAR) data and related services, which will significantly increase the efficiency in many government operations such as 3D zoning, water body investigation for vector control, identification of unassessed or new construction buildings through historical image comparison, 3D visualization for public safety responders, vegetation management, and many other cases.

Reason for Revising: RFP Team-GIS Manager and SMEs, IT Project Manager, IT Vendor Manager, and Procurement Officer met on 10/26/2023, at the meeting the RFP IT Project Timeline Plan has the RFP released on 2/23/2024 and the Schedule of Events in the RFP document was updated accordingly.
