REASONS FOR RECOMMENDATION AND BACKGROUND

The retroactive Fourth Amendment to agreement with CEP America-Anesthesia, PC for the provision of surgical and obstetrics anesthesia services is being presented to the Board of Supervisors for approval for the additional locum tenens anesthesiologists to support surgical procedures in Operating Room #6 and to support the opening of Operating Room #7. Operating Room #7 will increase capacity and help alleviate sending patients outside the System for surgical care.

CEP America-Anesthesia, PC providers supplement operating room (OR) case coverage for employed staff members and provide flexibility to support fluctuations in case volume. Surgical volume at SCVH-O'Connor increased by 6% in Fiscal Year (FY) 2022-2023 and is expected to continue to grow due to increased overall utilization, as well as growth driven by new programs, such as the robotics program and bariatrics program.

The recommended action supports SCVH's Business Plan as it relates to maximizing revenue, hospital patient flow, and capacity, by ensuring that specialized surgical and obstetrics anesthesia care is available to support Santa Clara County residents.

CEP America-Anesthesia, PC (Vituity) is the current contractor for anesthesia services at SCVH-O'Connor and has been providing services since 2016. They currently provide anesthesia services to the hospital's surgical department (general and cardiac), as well as obstetrics services. These services are critical to SCVH-O'Connor's Surgical Department and allow patients to receive care in a timely matter. Although retroactive agreements are discouraged, retroactive approval is being requested due to delays in negotiating and finalizing this fourth amendment.

CHILD IMPACT

The recommended action will have no/neutral impact on children and youth.

SENIOR IMPACT

The recommended action will have no/neutral impact on seniors.

SUSTAINABILITY IMPLICATIONS

The recommended action will have no/neutral sustainability implications.

CONSEQUENCES OF NEGATIVE ACTION

Failure to approve will limit anesthesia support of anticipated OR volume growth.

Upon approval, the Clerk of the Board will immediately send one signed copy of the agreement to the SCVH-O'Connor – Contract Department, 2105 Forest Ave, San Jose, CA 95128, Attn: Barbara Mellin.
