DATE: April 16, 2024
TO: Board of Supervisors
FROM: Ky Le, Deputy County Executive
SUBJECT: Semi-Monthly Report of Upcoming Solicitations

RECOMMENDED ACTION

Receive report from the Office of the County Executive relating to anticipated solicitations.

FISCAL IMPLICATIONS

There are no fiscal implications resulting from the issuance of Requests for Proposals (RFPs), Requests for Grant Applications (RFGAs), and Request for Statement of Qualifications (RFSQs). Fiscal impacts will be identified when resulting contracts are approved.

REASONS FOR RECOMMENDATION AND BACKGROUND

The report is a consolidated report of RFPs, RFGAs, and RFSQs anticipated to be released on or after April 16, 2024. This report is a comprehensive list for all County Departments and contains information relating to nine solicitations, with anticipated release dates spanning from April 2024 through October 2024.

The purpose of this legislative file and the attached Master Acquisition List (MAL) is to inform the Board of Supervisors of upcoming RFPs, RFGA, and RFSQs to be released by departments. The report is intended to provide summarized data, but not the actual solicitations, as departments often update and refine solicitation language up to the point of issuance. The solicitations may be in various stages of drafting. If a Supervisor is interested in reviewing a specific solicitation from the list prior to the solicitation being released, the Supervisor should contact the MAL Coordinator in the Office of the County Executive to coordinate receiving an off-agenda report from the issuing department before the solicitation is released.

The Anticipated Solicitation Issue Date is an estimate and is subject to change. If the date changes, or if the item is cancelled, it will be noted on the next report.

The following is a summary of the items that appear on this report:

- Upcoming Requests:
 - New—There are a total of four upcoming items that have been submitted since

the prior report, including items #1446–1448, and #1452.

- **Previously Reported**—There are a total of five items that were previously reported to the Board, including items #1372, #1434, and #1443–1445.
- **Revised Date of Issuance**—There are no items with a revised solicitation issue date that were previously reported to the Board.
- **Cancelled**—There are no cancelled items that were previously reported to the Board.
