Question and Answers for Bid #ITB-PRK-FY24-0260 - Ojo de Agua Trail at Coyote Lake-Harvey Bear
Ranch County Park

Overall Bid Questions

Question 1

Is this a On Line bid or in person? Web site has a Make Offer button but specs say at Government Center in person? (Submitted: Jan 25, 2024 11:29:14 AM PST)

Answer

[edit](#) 

- Follow the instructions as noted in the Notice to Bidders - Document 00 11 00, that the bid shall be received by the Clerk of the Board's office before 2pm at the address, date, and time stated. Bids are not accepted online. (Answered: Jan 30, 2024 6:26:13 AM PST)

Question 2

Does this project involve a Project Labor Agreement (PLA) or Project Stabilization Agreement (PSA)? (Submitted: Jan 25, 2024 11:42:26 AM PST)

Answer

[edit](#) 

- The PLA/ PSA does not apply to projects estimated to have a construction component less than \$2,000,000. See Document 00 11 00 - Notice to Bidders - 1.04 Estimated Cost for the estimated cost for the base bid for this project. (Answered: Feb 5, 2024 9:49:36 AM PST)

Question 3

Is the due date for questions 10 days before the bid opening, as stated in the Project Manual, or Feb 22, 2024, as stated on this page? (Submitted: Jan 29, 2024 9:33:25 AM PST)

Answer

[edit](#) 

- The due date for questions has been revised to Tuesday, February 20, 2024 by 5pm due to the holiday. (Answered: Jan 30, 2024 6:25:00 AM PST)

Question 4

Please advise on Trail Access?

Is there any equipment limitation? For example can the 6' trail be cut with 8' wide equipment? Is there access for Highway dump trucks to drive on new trail to deliver Rock? Will 6' wide trail be wide enough if emergency Vehicles need access?

Is there a List of Culverts and crossings needed replacement? (Submitted: Jan 29, 2024 12:12:16 PM PST)

Answer

[edit](#) 

- The project intentionally proposes a 6' wide trail to minimize the amount of disturbance to the land and provide a trail appropriately sized for the proposed use. The master plan for the project and its environmental analysis prepared in conformance with the California Environmental Quality Act (CEQA) identified 6' wide trails. The use of larger equipment would therefore create additional disturbance beyond what is allowable. The trail corridor (disturbed width) should be minimized using right-sized equipment to achieve the trails

width as shown on the drawings and identified in the master plan and regulatory permits.

Parks cannot guarantee weight limits of public roads beyond the park boundaries. East Dunne Avenue does connect to Highway 101, however weight limits may apply to connector roads. During the pre-bid meeting access will be discussed. See L2 Proposed Staging and Access Plan indicating Route A as main access during wet season, which is a rocky road, and Route B, which can be used in dry conditions. Parks cannot guarantee weight limits of internal Parks roads. Within the park, access to project site is limited and consists of natural surface roads and/or existing ranch roads with some rock surfacing. Any damage to internal access routes shall be restored at the contractor's expense.

Parks Operations staff have confirmed 6' wide trails are wide enough for off-road emergency vehicles such as side-by-sides and ATVs, which are part of the Park Unit fleet.

Culvert replacement is NOT a part of this scope of work. Any replacements required and included in the permit will be implemented outside of this project. **(Answered: Feb 5, 2024 7:15:38 PM PST)**

Question 5

Plans and specs call out 1.5" drain rock but the specifications under this item says 1.5" Class 2 aggregate base. Can you please clarify which rock is required? Thanks. **(Submitted: Feb 20, 2024 1:03:51 PM PST)**

Answer

[edit](#)

- As noted in the specifications, Section 32 10 00 - 2.01.C - 1.5" Drain Rock: May consist of any combination of broken stone, crushed gravel, natural rough surfaced gravel, or sand that conforms to the requirements for 1 1/2-Inch Class 2 Aggregate Base as described in Caltrans Standard Specifications, except as noted or as directed by Department Representative. **(Answered: Feb 25, 2024 11:38:13 AM PST)**

Question 6

Answer

[edit](#) 

- See detail sheet 8.2 indicating how many rows in relation to slope percentage. Per notes, wide areas may require multiple rows of wattles. Per Section 01 57 00- SWPPP, Contractor must prepare, maintain, and implement, for the entire construction period, a site-specific Storm Water Pollution Prevention Plan (SWPPP) that addresses measures to minimize and control construction and post-construction storm water runoff. **(Answered: Feb 25, 2024 11:38:13 AM PST)**

This would include documentation of overall linear feet of silt fence required for the project. **(Answered: Feb 25, 2024 11:38:13 AM PST)**

Question 12

What slope percentage requires wire mesh? **(Submitted: Feb 20, 2024 1:55:13 PM PST)**

[edit](#) 

Answer

- Per Section 31 25 00 - Erosion and Sedimentation Controls, 2.02.D, Contractor shall determine if additional support is needed, as proposed in the SWPPP, and approved by the Department Representative. Per Section 01 57 00- SWPPP, Contractor must prepare, maintain, and implement, for the entire construction period, a site-specific Storm Water Pollution Prevention Plan (SWPPP) that addresses measures to minimize and control construction and post-construction storm water runoff. **(Answered: Feb 25, 2024 11:38:13 AM PST)**

Question 13

Is all overburden lost on-site, or does it need to be hauled to a defined stockpile area? (reference pg. 2.3 Full Bench Detail) ? **(Submitted: Feb 20, 2024 1:55:31 PM PST)**

Answer

- Per Section 31 23 00 - Excavation and Fill, excess spoil generated by the project installation shall be broadcast and disposed of on site. Duff can be allowed to be lost on site, with approval of the Department's Representative and as directed in the field by the Department Construction Inspectors. The intention is to evenly broadcast any duff or organic layers and avoid stockpiles that would create fire hazards and fuel stockpiles. **(Answered: Feb 25, 2024 11:38:13 AM PST)**

[edit](#)

Question 15

Can you verify cross slope of 5% - 7%? Most trails have a 3% max. **(Submitted: Feb 20, 2024 1:55:56 PM PST)**

Answer

- From previous County trail building experience and per CA State Parks guidance, natural surface trails shed water better with a steeper outslope, which reduces erosion potential. Cross slopes of 5-7% therefore recommended per the detail drawings. 2-3% cross slopes are typical of concrete and asphalt surfaces that are hard and uniform. 2-3% on natural surface quickly start to retain water on the trail creating drainage problems. **(Answered: Feb 25, 2024 11:38:13 AM PST)**

The Engineer's Estimate was \$1,400,162.

The project bid documents state that the contract will be awarded to the responsible bidder submitting the lowest Total Bid. The lowest bidder, Santa Cruz Mountains Trail Stewardship, of Santa Cruz, CA, is approximately 25% under the Engineer's Estimate. The Parks and Recreation Department (Department) has reviewed the submitted bid documents and qualifications and determined that Santa Cruz Mountains Trail Stewardship is a "Responsible Bidder" eligible for contract award. Therefore, award of contract in the amount of \$1,048,656 plus \$104,866 for Supplemental Work Allowance for a Total Encumbered Amount of \$1,153,522 is recommended.

Four (4) Addenda were issued during the bid period for clarifications requested by the bidders and changes regarding the bid opening procedures. In order to formally incorporate the Addenda into the bid documents, the Department recommends that the Board ratify the Addenda.

Reasons to Approve Owner's Authorized Representative (OAR)

The Department recommends designation of the County Executive, or designee, as the OAR as it will streamline project management and minimize administrative delays and costs to the County.

Reasons to Approve Supplemental Work Allowance (SWA)

The Department recommends an additional encumbrance of \$104,866 (i.e., ten percent (10%) of the Total Base Bid) as a SWA to minimize delays and associated costs for necessary change orders resulting from unknown and/or differing conditions and design errors.

Ojo de Agua Trail

The interim Coyote Canyon trail system includes approximately 10 miles of public recreational trails, consisting of the Woodland Valley, Coyote Ridge, and Ojo de Agua trails. The trails are multi-use natural surface trails for hiking, bicycling, and equestrian use. The Project will construct approximately 1.5-miles of the Ojo de Agua Trail, an approximately 6-foot-wide natural surface trail, which will support public use of the Coyote Canyon Park property. Construction of the Ojo de Agua Trail is a component in providing safe, sustainable use of the property for hikers, bicyclists, and equestrians.

The Ojo de Agua Trail was approved as part of the Coyote Canyon Natural Resources Management Plan and Interim Access Plan (Plan), which was adopted by the Board in December 2019. The Plan identifies a combination of new trails connecting to existing ranch roads to provide access to key points on the property from Coyote Lake-Harvey Bear Ranch. Additionally, the Plan identifies the natural resources within Coyote Canyon and a framework for their management and protection. Given the size of the property, broader public uses and additional access points are deferred to a future master planning process.

Coyote Canyon at Coyote Lake – Harvey Bear Ranch County Park

In 2016, the County Parks Department acquired the approximately 2,700-acre Coyote Canyon and Coyote Highlands properties, located immediately north of Coyote Lake-Harvey Bear Ranch County Park. The properties, collectively referred to as Coyote Canyon, establish a continuous landscape linkage between Anderson Lake County Park to the north and Coyote Lake-Harvey Bear Ranch County Park to the south, with future regional trail connections envisioned between the two parks as part of the Countywide Trails Master Plan.

CHILD IMPACT

The recommended action will have a positive impact on children and youth through the **Healthy Lifestyle** indicator by providing a recreational trail that currently does not exist and connectivity with a larger regional trail and open space system.

SENIOR IMPACT

The recommended action will have a positive impact on seniors by providing a more opportunities for recreation at Coyote Lake-Harvey Bear Ranch. It will create opportunities for recreation in natural open space areas adjacent to developed portions of South County.

SUSTAINABILITY IMPLICATIONS

The recommended action supports the Board of Supervisors' sustainability objective to protect resources, safety, and recreation. The trail will provide additional opportunities for low-impact recreation and non-motorized mobility by improving connectivity with a larger regional trail and open space system.

CONSEQUENCES OF NEGATIVE ACTION

The Ojo de Agua Trail would not be developed and there would be limited trail access through Coyote Canyon.

execution of this Agreement, the Contract Documents may only be amended, modified, or supplemented as provided in the Contract Documents.

- 3.03** Documents contained in the Project Manual within Series 00 20 00 (Solicitation) which provide procedures for bidding, and Documents within Series 00 30 00 (Available Information) which provide information on existing conditions, are Bidding Documents only and are not Contract Documents. ARTICLE 4 — FORMATION OF CONTRACT

- 4.01** Formation of a contract between the parties requires accomplishment of the following: (1) execution of this Agreement by Contractor; (2) submission by Contractor and acceptance by Owner of all required bonds, insurance, certifications, documents, and all other materials required by the Instructions to Bidders to the satisfaction of Owner; and (3) execution of this Agreement by Owner. (1) Compliance with Wage and Hour Laws: Contractor, and any subcontractor it employs to complete work under this Agreement, must comply with all applicable federal, state, and local wage and hour laws. Applicable laws may include, but are not limited to, the Federal Fair Labor Standards Act, the California Labor Code, and any local Minimum Wage Ordinance or Living Wage Ordinance.

(2) Final Judgments, Decisions, and Orders: For purposes of this Section, a "final judgment, decision, or order" refers to one for which all appeals have been exhausted. Relevant investigatory government agencies include: the federal Department of Labor, the California Division of Labor Standards Enforcement, a local enforcement agency, or any other government entity tasked with the investigation and enforcement of wage and hour laws.

(3) Prior Judgments against Contractor and/or its Subcontractors: BY SIGNING THIS AGREEMENT, CONTRACTOR AFFIRMS THAT IT HAS DISCLOSED ANY FINAL JUDGMENTS, DECISIONS, OR ORDERS FROM A COURT OR INVESTIGATORY GOVERNMENT AGENCY FINDING—IN THE FIVE YEARS PRIOR TO EXECUTING THIS AGREEMENT—THAT

CONTRACTOR OR ITS SUBCONTRACTOR(S) HAS VIOLATED ANY APPLICABLE WAGE AND HOUR LAWS. CONTRACTOR FURTHER AFFIRMS THAT IT OR ITS SUBCONTRACTOR(S) HAS SATISFIED AND COMPLIED WITH—OR HAS REACHED AGREEMENT WITH THE COUNTY REGARDING THE MANNER IN WHICH IT WILL SATISFY—ANY SUCH JUDGMENTS, DECISIONS, OR ORDERS.

(4) Judgments During Term of Contract: If at any time during the term of this Agreement, a court or investigatory government agency issues a final judgment, decision, or order finding that Contractor or any subcontractor it employs to perform work under this Agreement has violated any applicable wage and hour law, or Contractor learns of such a judgment, decision, or order that was not previously disclosed, Contractor must inform the Office of the County Executive-Office of Countywide Contracting Management (OCCM), no more than 15 days after the judgment, decision, or order becomes final or of learning of the final judgment, decision, or order. Contractor and its subcontractors shall promptly satisfy and comply with any such judgment, decision, or order, and shall provide the Office of the County Executive-OCCM with documentary evidence of compliance with the final judgment, decision, or order within 5 days of satisfying the final judgment, decision, or order. The County reserves the right to require Contractor to enter into an agreement with the County regarding the manner in which any such final judgment, decision, or order will be satisfied.

(5) County's Right to Withhold Payment: Where Contractor or any subcontractor it employs to perform work under this Agreement has been found in violation of any applicable wage and hour law by a final judgment, decision, or order of a court or government agency, the County reserves the right to withhold payment to Contractor until such judgment, decision, or order has been satisfied in full.

(6) Material Breach: Failure to comply with any part of this Section constitutes a material breach of this Agreement. Such breach may serve as a basis for termination of this Agreement and/or any other remedies available under this Agreement and/or law.

(7) Notice to County Related to Wage Theft Prevention: Notice provided to the Office of the County Executive as required under this Section shall be addressed to: Office of the County Executive—OCCM; 70 West Hedding Street; East Wing, 11th Floor; San José, CA 95110. The Notice provisions of this Section are separate from any other notice provisions in this Agreement and, accordingly, only notice provided to the above address satisfies the notice requirements in this Section.

8.05 Living Wage.

Unless otherwise exempted or prohibited by law or County policy, Contractors that contract with the County to provide Direct Services, as defined in County of Santa Clara Ordinance Code Division B36 ("Division B36") and Board Policy section 5.5.5.5 ("Living Wage Policy"), and their Subcontractors, where the contract value is \$100,000 or more, must comply with Division B36 and the Living Wage Policy. Compliance and compensation for purposes of this provision includes, but is not limited to, components relating to fair compensation, earned sick leave, paid jury duty, fair workweek, worker retention, fair chance hiring, targeted hiring, local hirings, protection from retaliation, and labor peace. If Contractor and /or a Subcontractor violates this provision, the Board of Supervisors or its designee may, at its sole discretion, take responsive actions, including, but not limited to, the following: (a) suspend, modify, or terminate the Direct Services Contract; (b) require the Contractor and/or Subcontractor to comply with an appropriate remediation plan developed by the County; (c) waive all or part of Division B36 or the Living Wage Policy. This provision shall not be construed to limit an employee's rights under Division B36 or any other applicable law. Further, this provision does not confer any rights upon any person or entity other than the Board of Supervisors or its designee to bring any action seeking cancellation or suspension of a County contract. By entering into this contract, Contractor certifies that it is currently complying with Division B36 and the Living Wage Policy with respect to applicable contracts and warrants that it will continue to comply with Division B36 and the Living Wage Policy with respect to applicable

contracts. Nothing in this section is intended to be contrary to prevailing wage laws – and to the extent there is conflict, State prevailing wage laws shall govern and control this Contract.

8.06 Conflicts of Interest.

Contractor shall comply, and require its Subcontractors to comply, with all applicable (i) requirements governing impermissible client conflicts; and (ii) federal, state and local conflict of interest laws and regulations, including without limitation, California Government Code section 1090 *et seq.*, the California Political Reform Act (California Government Code section 87100 *et seq.*) and the regulations of the Fair Political Practices Commission concerning disclosure and disqualification (2 California Code of Regulations section 18700 *et seq.*). Contractor further covenants that, in the performance of this Agreement, it will not employ any contractor or person having such an interest. Contractor, including but not limited to Contractor's employees and Subcontractors, may be subject to the disclosure and disqualification provisions of the California Political Reform Act of 1974 (the "Act"), that (1) requires such persons to disclose economic interests that may foreseeably be materially affected by the work performed under this Agreement and (2) prohibits such persons from making or participating in making decisions that will foreseeably financially affect such interests.

If the disclosure provisions of the Political Reform Act are applicable to any individual providing service under this Agreement, Contractor shall, upon execution of this Agreement, provide the Owner with the names, description of individual duties to be performed, and email addresses of all individuals, including but not limited to Contractor's employees, agents and subcontractors, that could be substantively involved in "making a governmental decision" or "serving in a staff capacity and in that capacity participating in making governmental decisions or performing duties that would be performed by an individual in a designated position," (2 CCR 18701(a)(2)), as part of Contractor's service to the Owner under this Agreement. Contractor shall immediately notify the Owner of the names and email addresses of any additional individuals later assigned to provide such service to the Owner under this Agreement in such a capacity. Contractor shall immediately notify the Owner of the names of individuals working in such a capacity who, during the course of the Agreement, end their service to the Owner.

If the disclosure provisions of the Political Reform Act are applicable to any individual providing service under this Agreement, Contractor shall ensure that all such individuals identified pursuant to this section understand that they are subject to the Act and shall conform to all requirements of the Act and other laws and regulations listed in subsection (A) including, as required, filing of Statements of Economic Interests within 30 days of commencing service pursuant to this Agreement, annually by April 1, and within 30 days of their termination of service pursuant to this Agreement.

- B. Contractor shall comply with all reasonable requests by County for documentation demonstrating Contractor's compliance with this Section. Failure by Contractor to comply with any of the requirements of this Section (including but not limited to vaccination and masking requirements and completion and submittal of the Certification) is a material breach of this Agreement, and the County may, in its sole discretion terminate this Agreement immediately or take other action as the County may determine to be appropriate.
